

Yamaha Front End Shim Kit for T.S.S. Suspension

This kit will help you take out the sideplay on the T.S.S. front suspension arms with the variety of washers included.

Before taking your front end apart to install, try to estimate the amount of sideplay you have by moving the skis together and apart, or you can use a feeler gauge.

When installing, make sure the arms move freely after tightening the bolt.

Yamaha Spacer Washer Kit contents:

Bag 1: (12) .040 Stainless steel washers

(12) .040 Nylatron washers

This kit is to replace your O.E.M. spacer washers on Yamaha T.S.S. front suspension.

Bag 2: (6) .005 Stainless steel washers

(6) .010 Stainless steel washers

(6) .015 Stainless steel washers

Thank you for choosing HPE
for your snowmobiling needs.
